COURSES AND QUALIFICATIONS

IBN DJENNI HIGH SCHOOL

- Baccalaureate with highest honors, average 16.68

HOUARI BOUMEDIENE UNIVERSITY OF SCIENCE AND TECHNOLOGY

- Bachelor in Computer science 2024
- Master's Degree with a Economic Enterprise Certificate in software engineering 2026

PROFESSIONAL EXPERIENCE

GOMYCODE

JUNE 2025-PRESENT

Web development instructor(part-time)

I am responsible for ensuring the smooth running of the courses, through:

- Teaching web technologies (React, Node.js, Express, Git/GitHub)
- Guiding students in their full-stack projects

USTHB

JANVIER - JUNE 2026

AI-Powered Business Management Platform (Sales & Invoicing)

- Built a full-stack business management platform (Spring Boot, Next.js, Docker) covering sales, invoicing, and billing
- Designed a dual-deployment licensing system: cloud subscriptions and offline on-premises activation
- Built a data import/export pipeline with fuzzy/semantic matching

Freelancer

2023-present

Freelance web developer

I am responsible for creating full-stack websites. Among the projects I have created are:

- an e-commerce platform for selling chalets called chaletdz.com,
- an e-learning platform for medical students called medtesdz.com.

Air algerie

2024

Intern for final year bachelor's degree project

My responsibilities included:

- Designing an internal application for managing and tracking employee training
- Technologies: Java, JSF, SQL Server, PrimeFaces

ASSOCIATIVE COMMITMENT

MICRO CLUB(University science club) 2023-2026

Active member

- Participation in events.
- Organization of events and hackathons focused on web development and digital innovation.
- Taking responsibility for team coordination and communication among team members.
